[Added 1-18-2021]

- (1) The Common Council may designate certain streets or portions of streets as no-parking or no-standing-or-stopping zones. The City shall mark, by appropriate signs, each zone so designated in accordance with the provisions of § 349.13, Wis. Stats.
 - (a) Except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control device, no person shall stop or park a vehicle in an established no-stopping-or-standing zone when stopping or standing is prohibited. Stats. The Common Council shall have the authority to restrict the turning or movement of heavy traffic and to impose special weight limitations on any highway or portions thereof which, because of the weakness of the roadbed due to deterioration or climatic conditions or other special or temporary conditions, would likely be seriously damaged or destroyed in the absence of any restrictions on heavy traffic movement or special weight limitations.
- (2) No-parking areas. The Common Council shall have the authority to determine and mark those portions of the streets within the City within which no vehicle shall be parked and may designate such no-parking limits by a suitable sign indicating the limits within which no parking is to be allowed. When any street or portion of a street is so set off and designated by the sign "no parking," no person shall park any vehicle within such prohibited area.
