Lights of Love: Angie explained what Lights of Love is. Was approached by Chamber to take over. There would be no cost to the City. City already puts lights on the tree. Moved Brown/Timm to have the City take over Lights of Love from Chamber. Angie will be in charge of event. Carried.

Fuel tanks: Josh provided estimate for electrical hookup from master for the fuel tanks in the amount of \$1,215. Josh said there is no cost for the tanks only for the fuel. It would be premium gas only. Tank size would be 500 gallons. There will be a camera on it at all times. A key will be required to use it. It will be fenced in. The main use would be for lawnmower. Part timer does not have a gas card so they always have to wait for someone who has one to get fuel. Police can use it if they need to. If there is no power can still get gas. Will still get diesel and fuel up trucks at Fuel On. Moved Timm/Brown to add fuel tank at Sewer Plant and approve the electrical work of \$1,215. Carried.
